AutoCAD Crack+ Full Product Key [2022-Latest]

The initial commercial release of AutoCAD For Windows 10 Crack was solely for personal use only. A software license was required to be purchased separately. The first AutoCAD release was a home-use version. It was introduced in June 1984 for \$995 with a four-user license. A commercial version (version 2) was released in 1987. Both versions have a 12.9 MB application file and can be run on top of Windows 3.11 and DOS. Later on, a 16-bit version was released on DOS, and a 32-bit version for Windows was released in 1989. A CD-ROM version was also released in 1987. By 2001, Autodesk was one of the top 20 software companies in the world. In 2002, Autodesk was acquired by software services company EDS. In March 2004, Autodesk was acquired by private equity firm, Blackstone Group for \$5.26 billion. The company was later sold to private equity firm, TPG Capital for \$1.26 billion on August 24, 2005. In November 2006, TPG sold a 75% stake of AutoCAD to Groupe Bruxelles Capital (GB Capital), a subsidiary of Swiss-based Groupe Bruxelles. Groupe Bruxelles and Swiss-based Syngenta AG then completed the purchase of the remaining 25% stake in AutoCAD from Groupe Bruxelles in August 2007 for \$560 million. Groupe Bruxelles completed its purchase of the entire company in November 2007 for \$1.95 billion. Autodesk maintains that it is a privately owned company.
