Features Key:

In the year 2048, you're a redheaded bubble boy trying to get home to your sweet lemonade.
Your only means of travel is to hitch a ride on a space pirates' ship.
Attack all space pirates you see to minimize their cut of your earnings.
Collect crystals to unlock or unlock new ships.
Keep out of the way of your pirate nemesis for the ultimate showdown.

Why You Should Play This Game:

- You are an 8-bit space pirate, and you've lost your ship to a giant worm. It seems like the end, until you realize that you can hire a pirate to make you a new ship.
- If you thought those space pirates from your favorite movies were cool, then these guys are even cooler.
- You can earn your own money, hold your own mutiny, and overthrow the Pirate Guildleader if he gets on your nerves!
- The 8-bit soundtrack will take you right back in time.
