The schedule for television broadcasts of Taare Zameen Par Movie Hindi Bluray Free Download is 17:15 pm IST on the channel Sony Entertainment Television India. The Indian DVD is tentatively scheduled to release on the same date December 26. In 22nd century India, Vicky, nicknamed "Vicky Earth", is a super-rich industrialist, who has created a "Utopian city" named Taare Zameen Par (My Earth). He has created cities all over the world and is a recluse. A series of strange incidents cause a team of scientists to uncover that the man is actually an alien who comes from a planet called Zarnis and has changed a human child Vicky, in order to meet a specific genetic requirement. It is upto the child to save mankind and his alien captor. This is a few years before the other films in the trilogy such as Kaante, Taare Zameen Par, and 3 Idiots. Ishaan's friend, his art teacher played by Aamir Khan, gets sick and therefore, Ishaan is going to his school for some days. Ishaan's family is not able to afford a proper school. His art teacher gets very sick. Ishaan's routine is disturbed. But, the situation gets worse. Ishaan is trying to find out the reason behind the teacher's illness. His biological clock is ticking. To get more hints, he visits his teacher's house as he thinks he might have seen the aliens who have kidnapped the teacher. The whole story ends with Ishaan reaching out to the aliens and learns about his destiny. However, by the time he learns of the truth about himself, he has changed. The Taare Zameen Par story is full of magic and imagination as well as tragedy. This story is also reflective of a typical Indian family. The young boy Ishaan is odd, and we soon learn he has dyslexia. He is a misfit in school, but always full of sweetness and kindness. He is a lot of fun to be with, and he grows to be an independent thinker like the artist he is. His conflict is with a brother who looks up to him but could not understand him. For this movie, composer duo Bhoomika and Bhoomika did a fantastic job. They also wrote 3 songs and their work sounds amazing.
